Lil SQUIRTS
Clean it. Check it. Fix it.

90% OF CAR SEATS ARE INSTALLED INCORRECTLY.

LET'S WORK TOGETHER TO CHANGE THAT.

Li'l SQUIRTS
Clean it. Check it. Fix it.

11 POINT CHECKLIST

CAR SEAT SAFETY CHECKLIST.

1. Harness at or below shoulders while rear facing
2. Harness at or above shoulders while forward facing
3. Use of top tether required for all forward facing harnessed seats
4. Chest clip placed at armpit level
5. Unable to pinch a horizontal fold in the harness at the collarbone ("pinch test")
6. Seat must have 1" or less of movement at the belt path
7. Avoid unregulated aftermarket products (head support, bunting bags, mats)
8. Avoid bulky clothing (including winter wear)
9. Keep your vehicle clear of projectiles
10. Check the manual before washing any components of your car seat
11. Replace most seats after any collision - check with the manufacturer
